

## Rehoboth Children's village Caring for Children with HIV **CHILD SPONSORSHIP Programme**

Getting to know a child in South Africa where more than 6 million people are dying of AIDS is a challenging and life changing experience. You will play a real part in the growth and development of a HIV/AIDS orphan and give them a home and a future.

Rehoboth is a village caring for children living with HIV who have been abandoned/orphaned. It is situated in the rural area of Murchison KwaZulu-Natal, the heartland of the AIDS pandemic, which is sweeping South Africa. At Rehoboth a full time housemother provides all the love and security a child needs in small family group homes. Rehoboth provides a child with a healthy diet, access to quality health care (with antiretroviral drugs should they become necessary), and basic education.

Your sponsorship will help to bring real changes to a child's life. Mbongeni is one such child at Rehoboth. He is now 16, an orphan who was abandoned in hospital and rescued from a life of hopelessness. He is now a lively happy child on antiretroviral (ARV) drugs studying in our home school and hoping to go to college next year. Mbongeni's life has been substantially improved by providing a safe refuge in a loving family with all the benefits that you and I take for granted.

Rehoboth is the home to a growing number of children with HIV who would otherwise languish in hospitals or live in the community with extended families who are unable to provide the specialist care they need and where they are exposed to the risk of stigmatisation and abuse. Can you help Mbongeni and our other children benefit from a full and healthy life protected from this insidious disease, which is threatening the lives of more than 1 million orphans in South Africa

Sponsoring a child, by giving just £20 a month (or any amount you can afford), will provide life-changing support for children like Mbongeni. Your monthly donation will be invested in projects including education, health care, and will help provide ARV's if necessary. It will improve your sponsor child's well being and empower him/her for years to come. In return you will receive regular reports (normally 3 times a year) about the progress of your sponsor child.

Many people have said that child sponsorship is the most rewarding thing they have ever done. Your support will make a real difference to a child like Mbongeni. If you would like to help, please return the application form below and we will provide you with a profile of a child who needs a sponsor.
